RE: Air Operating Permit No. 10028 Administrative Amendment 2 – Renewal Application  
Frederickson Generating Station – Puget Sound Energy

Dear Mr. Renninger:

Please find enclosed three copies of Air Operating Permit No. 10028 Administrative Amendment 2 – Renewal Application for Frederickson Generating Station – Puget Sound Energy located at 4717 192<sup>nd</sup> Street in Tacoma, WA. An electronic copy of these materials has been sent to you via e-mail. The renewal application is composed of a copy of the current air operating permit revised to reflect changes requested through the renewal process.

The requested changes are summarized as follows:

- AOP Section V.R.7 – Submittal Requirements. The provisions of PSCAA Regulation I, Section 7.09(c) have been added to incorporate the electronic submittal of compliance reports to the agency.
- AOP Section V.BB – Washington State Program for Reporting of Emissions of Greenhouse Gases. The provisions of the Washington State program for reporting of emissions of greenhouse gases was added to identify the requirement, if applicable.
- A few effective dates for existing regulations in Table 2 have been updated to identify regulations that have been revised or re-issued since the last permit renewal.

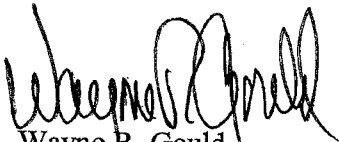

In order to help satisfy all applicable requirements in WAC 173-401-510, also attached is the most recent Annual Compliance Certification (March 21, 2009 – March 20, 2010), Emission Report (2009) and Compliance Assurance Monitoring (CAM) Plan. The CAM Plan is for water injection for nitrogen oxides control required as part of Notice of Construction Approval #8436 has also been provided as part this air operating permit renewal.

Revisions have been updated directly into the documents using 'track changes' function as provided in the electronic and hardcopy submitted to PSCAA. There have been no noteworthy operational changes that have occurred at the facility since the last AOP renewal application with PSCAA (May 2007).

Please contact Joey Henderson if you have any questions or concerns at (425) 457-5835.

Statement of Certification:

I certify that based on the information and belief formed after reasonable inquiry, the statements and information provided herein this document and any attachments are true, accurate and complete.
