Puget Sound Clean Air Agency (the Agency) is seeking comments draft Air Operating Permit (Permit No. 29632) for Fluid Motion, LLC located at 17939 59<sup>th</sup> Ave NE, Building #4, Arlington WA 98223. This facility is a fiberglass boat manufacturing facility producing 25 foot – 45 foot fiberglass pleasure boats through manual lamination of layers of gelcoat, resins and fiberglass inside open female molds. Facility operations result in releases of volatile organic compounds (VOC), hazardous air pollutants (HAP) and toxic air pollutants (TAP). The majority of the emissions at the facility are comprised of styrene, which is a VOC, a TAP, and a HAP.

An Air Operating Permit is a document that combines all air pollution-related requirements for operation and procedures, applicable rules, emission standards, monitoring, recordkeeping, and reporting. The draft Air Operating Permit is the first issuance of an Air Operating Permit for this facility, being issued pursuant to WAC 173-401.

Copies of the draft Air Operating Permit, the application, and all supporting materials are available for review on the Agency's website at:
